

ADOPT-A-STUDENT at St. John's

We are blessed that so many folks have expressed interest in the Adopt-a-Student effort to help St John's School continue to reach children with the Gospel of God's love – in Jesus!

Unfortunately, for privacy reasons and in respect for those children and parents we cannot assign one particular student by name or even list the names as a group of those who need help.

We have 28 children who receive need based discounts due to their inability to pay full tuition. The average discount per child is approximately \$2,500 (*about a 50% discount from full tuition*). That means to fully Adopt-"A"-Child for the entire 10-month school year would be a commitment of \$250/month. However, you can support this program at any level. Please check the one that you are interested in.

___ **A FULL Adoption equals \$2,500 or \$250/month**

___ **A HALF Adoption equals \$1,250 or \$125/month**

___ **A BLESS the Children Adoption would be ANY monthly gift to this program.**

Even \$25/month helps meet the need.

___ **One-time gifts (of any size) are necessary and a blessing!**

Your gifts will be recorded/added to your giving statements.

We are hoping to have some opportunities for our Adopt-A-Child partners to be invited to a few activities and to get regular updates on how this children are doing (anonymous).

Please prayerfully consider being a part of the new Adopt-A-Student Program for students in need at St John's.

Note: These funds will NOT go to the family or student. The parents/grandparents will CONTINUE to be REQUIRED to pay what they have been paying. In effect, these funds cover the lost income at St John's from those 28 children whose tuition is discounted. The decision of who and how many children receive discounted tuition is made by a private company who analyzes the family's income and calculates how much they are able to pay.
